Vid precisionsskjutning ingår alla revolverar i vapengrupp B. Se vapengrupp R nedan för korrekta förkortningar. OBS! När en revolver används i Precisionsskjutning skall R skrivas in sist i förkortningen, om inte antalet tecken då överskrider 5. Exempel: SW38R, SW357. Detta för att inte en förväxling skall kunna ske. En SW38 är en pistol av modell 52, vilken inte är ett ovanligt tävlingsvapen i vapengruppen.
